

Guidelines for Documentation of Substance Abuse Disorders

Students requesting accommodations on the basis of a substance abuse disorder must provide documentation consisting of:

- Verification of completion of substance/alcohol abuse program that specifies the nature of the addiction, the treatment course, and plans for continued treatment. The documentation should indicate the mediating side effects of the treatment, such as medications.
- Substance abuse documentation must be from a medical or other licensed professional, such as a psychologist.
- Requested accommodations must be relevant to documentation.
